

Garden benches Czardas System

assembly instructions

Thank you for choosing a garden bench from our Czardas System.

All of our seating options are made using **weatherproof, easy-care plastic**. Below you will find the assembly instructions for each bench. The individual parts can be assembled in a **plug-in system and do not require any tools**. You may choose to use a 6–10 mm drill.

Do not hesitate to contact us with any further inquiries:

Plant and care instructions

- Select the **right potted plants** for your garden bench's **location**. Pay attention to whether it is sunny or more shaded there.
- Use **fresh, loose and well-aerated soil** that will retain water.
- Only water your plants in the early morning or evening hours, **ascertain the right amount while watering**, and pay attention to your potted plants' individual needs.
- **Fertilise** your container plants **regularly**.
- Pay attention to your plants and **check them regularly for pests or diseases**.
- The rose arch is an ideal support for **climbing plants**. If the plants are too heavy, they can also be **fastened** using **wire** or **ropes**.

We wish you the best of luck!

International version

To get the assembly instructions in another language **scan** the **QR code**.

Just as individual as you are!

As well as garden benches, we also have planters and trellises with the same design that you can **combine with one another** in your garden. There are no limits to your creativity!

Are you familiar with ...
our

Demeter raised bed?

Our raised garden bed is made of **100 percent recycled plastic** to help the environment, is **easy to care** for, **weather-proof** and is suitable for every garden thanks to its **simple and timeless design**.

Bon appetit!

We are also the right partner in winter!

On a sled from our **Junior** series, even the youngest children can have fun in the snow.

Later on, the models from the **Classic** range ensure speedy descents on the toboggan slope.

The sledges from the **Adventure** range are an intense experience for young and old.

Unsere Schlitten sind:

- made in Germany
- TÜV-tested
- free of harmful chemicals
- made of high-quality cold- and light-resistant plastic
- comfortable and ergonomic
- certified with the spiel gut seal*
